Bob Greenstein

Director of the Junior Golf Academy

This is a group format. 3 classes are offered every week, weather permitting. Special attention is given to grip, stance, posture, set-up and alignment. These are the pre-swing fundamentals any good golf swing is built upon. There's extra time given to each and every student because each child learns at a different pace. Every week we add to what the student has learned from previous weeks. Thus building a solid repeatable golf swing they can enjoy for many years to come. Our classes are laid back in a friendly atmosphere. Here are some of the items we cover in class:

Pre-Swing Fundamentals

Safety

Etiquette

Full Swing

Pitching

Chipping

Sand Bunker

Putting
